
Maintaining and tracking healthcare

As you prepare to leave hospital, you or your carer will already be planning what you need to know about your care outside of hospital, including day-to-day living and support, your medication, your recovery and rehabilitation, follow-up appointments and tests, and mobility and transport.

The following pages provide further information that can help you to plan your ongoing healthcare requirements, both immediate and longer-term.

This page has been produced in consultation with and approved by:

Better Health Channel

Content on this website is provided for information purposes only. Information about a therapy, service, product or treatment does not in any way endorse or support such therapy, service, product or treatment and is not intended to replace advice from your doctor or other registered health professional. The information and materials contained on this website are not intended to constitute a comprehensive guide concerning all aspects of the therapy, product or treatment described on the website. All users are urged to always seek advice from a registered health care professional for diagnosis and answers to their medical questions and to ascertain whether the particular therapy, service, product or treatment described on the website is suitable in their circumstances. The State of Victoria and the Department of Health & Human Services shall not bear any liability for reliance by any user on the materials contained on this website.
